Discussion

Why another template?

Clean, sober, distraction-free

- All-white background, single accent colors
- Unobtrusive bullets and hairline separators
- Logos in the corners, discreet footer
  - Sub-items become quiet dashes
  - Easy to extend with your own commands
- Works with figures, tables and charts

Example table

Measured throughput (Mbit/s)

Scheme	Load A	Load B	Gain
Baseline	410	380	—
Proposed	512	495	+25 %
Proposed + X	548	520	+34 %

Method

- First condition
- Second condition

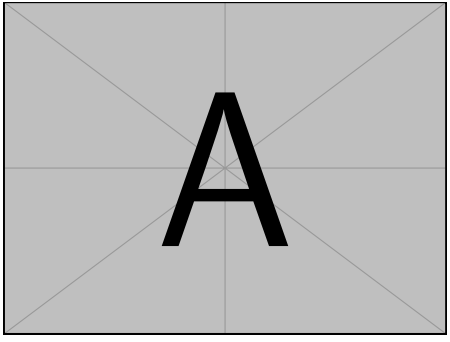

Figure: Result of the run.

Blocks are quiet too

Key observation

Block titles are tinted light grey; bodies stay white.

Attention

Alerted blocks reuse the Master accent color.
